

**MAULDEN PARISH COUNCIL**

**NON-CONFIDENTIAL COMMITTEE: Highways Group**

**DATE: 13/12/25      REPORTED BY: Cllr Browning on behalf of Highways Group (Cllr Phillips, Cllr Jackson, Jamie Usher, Malcolm Crawford, David Nevols)**

**SUBJECT:                      Report for MPC meeting 15 December 2025**

---

**Speed Indicator Devices (SIDs)**

The SIDS purchased by MPC have been installed on Flitwick Road, and Clophill Road, Badger Hill.

The Clerk has received correspondence from a resident on Badger Hill who has requested that the SID faces in the western direction to notify drivers of their speed heading down Badger Hill. A meeting has been requested, which Cllr Browning will arrange.

**Limbersey Lane**

The improved lining, signing and repairs that should have been completed in February 2025 have now been scheduled by CBC for February 2026. No details have been given as to exactly what changes will be made.

**A507/A6 roundabout**

MPC will pursue with CBC Highways the need for improved 30mph signage coming off the roundabout towards Ampthill, even though CBC does not think it is necessary.

**School 20mph sign**

Cllr Browning has requested CBC to fix or replace the 20mph flashing sign on Clophill Road at the approach to the school from the west, which does not work at the correct times. CBC said they would investigate.
